The screenshot shows the IEEE Xplore Digital Library interface. At the top, there are navigation links for IEEE.org, IEEE Xplore Digital Library, IEEE Standards, IEEE Spectrum, and More Sites. On the right, there are links for Cart(0), Create Account, and Sign In. The main header features the IEEE Xplore logo and a text box indicating access provided by Hong Kong Polytechnic University with a Sign Out link. Below the header is a navigation bar with BROWSE, MY SETTINGS, MY PROJECTS, and WHAT CAN I ACCESS? links. A search bar with a SEARCH button is prominently displayed. Below the search bar are links for Advanced Search, Preferences, Search Tips, and More Search Options. The main content area is titled "Biometrics Compendium | Past Issues" and lists the following issues:

- Issue 7: January to March of 2012
- Issues 5 and 6: July to December of 2011
- Issues 3 and 4: February to June 2011

The screenshot shows the IEEE eXplore website interface. The main content area is titled "Browse Journals & Magazines" and features a search bar at the top. Below the search bar, there are tabs for "By Title", "By Topic", and "Virtual Journals". The "Virtual Journals" tab is selected, and the page displays "IEEE Virtual Journals" with a description: "IEEE Virtual Journals are a new addition to the IEEE Xplore® digital library. Each Virtual Journal contains a collection of previously published IEEE papers in specific scientific and technical disciplines, paired with value-added commentary from technology experts. These papers are selected based on their relevance to the topic by an editorial team with strong knowledge in their particular fields. IEEE Virtual Journal subscribers can seamlessly access full-text PDF articles from the source journals without having to subscribe to each individual journal." Below this, it lists "IEEE Virtual Journals provide:" with bullet points: "Quick and affordable access to scientific and technical papers on cutting-edge topics", "Valuable commentary provided by IEEE experts", "Links to source journal abstracts and full-text articles", and "Topical browse and links to previous issues". It also mentions "Over time, IEEE plans to launch additional IEEE Virtual Journals that focus on new and emerging fields that cover a range of traditional publications." and "Currently available IEEE Virtual Journals are listed below." The "IEEE Biometrics Compendium" is listed as a currently available journal. The page also includes a sidebar with "IEEE Journals" and "Our journals continue to dominate citation rankings" and a "VIEW TOP TITLES" button. The browser's address bar shows the URL "http://ieeexplore.ieee.org/xpl/virtualJournals.jsp".
