

THE HONG KONG POLYTECHNIC UNIVERSITY

DEPARTMENT OF COMPUTING

Post Specification

Research Assistant / Postdoctoral Fellow

[Appointment period: one month initially, with possibility of further appointment]

Duties

The appointee will assist the project leader in the project - “Thinking Across Domain Boundaries: A Composition Framework for Wireless Mission-Critical Cyber-Physical Systems”.

We are looking for enthusiastic and suitably qualified persons to take part in a number of research activities and assist in teaching activities. The appointees will be required to:

- (a) conduct innovative research projects that lead to publications in top-tier refereed journals and awards of research grants;
- (b) assist in the laboratory and tutorial sessions, as well as student supervision of assignments and projects in the related research areas;
- (c) assist in planning, implementing and maintaining the research and teaching infrastructure for the Department; and
- (d) perform any other duties as assigned by the Head of Department or his delegates.

Qualifications

Applicants should:

- (a) have relevant knowledge/experience in related disciplines;
- (b) have a good command of both written and spoken English;
- (c) have good communication and interpersonal skills; and
- (d) be mature and able to work independently.

In addition, post-doctoral applicant should

- (e) have a doctoral degree in related disciplines;
- (b) have a proven track record in research publication and experience;

Applicants are invited to contact Dr Wang Qixin at tel no. 2766 7266, fax no. 2774 0842 or email csqwang@comp.polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their

current and expected salary in the application.
