

# International Joint Conference on Biometrics, IJCB 2014

29 September - 2 October 2014, Clearwater, Florida, United States

## Call for Papers

The **2014 International Joint Conference on Biometrics (IJCB 2014)** is a special combination of two major biometrics research conferences, the *Biometrics Theory, Applications and Systems (BTAS)* conference and the *International Conference on Biometrics (ICB)*. The blending of these two conferences is through special agreement of the IEEE and the IAPR, and should present an exciting event for the entire worldwide biometrics research community.

IJCB 2014 is intended to have a broad scope, including advances in fundamental pattern recognition techniques relevant to biometrics, new algorithms and/or technologies for biometrics, analysis of specific applications, and analysis of the social impacts of biometrics technology. Areas of coverage include biometrics based on voice, fingerprint, iris, face, handwriting, gait and other modalities, as well as multi-modal biometrics and new biometrics based on novel sensing technologies. Submissions will be rigorously reviewed, and should clearly make the case for a documented improvement over the existing state of the art. Experimental results for contributions in established areas such as voice, face, iris, fingerprint, and gait are encouraged to use the largest and most challenging existing publicly available datasets. Papers examining the usability of and social impact of biometrics technology are encouraged.

### Conference Venue

**Sheraton Sand Key Resort**  
Clearwater Beach, FL 33767

### Important Dates

**Paper submission: April 10, 2014**  
**Decisions to authors: June 20, 2014**  
**Final versions: July 15, 2014**

**Submissions:** Submitted papers may not be accepted or under review elsewhere. Submissions may be up to eight pages in conference format (*double blind reviewing*). Please visit conference web page <http://www.ijcb2014.org> for more details. Conference content will be submitted for inclusion into IEEE Xplore as well as other Abstracting and Indexing (A&I) databases.
